

KARACHI, Pakistan, Nov. 26 (AP)—Twenty-one persons were killed today when a Pakistan Airways plane crashed at Vohar in West Punjab. It was en route from Karachi to Lahore.

VOL. 81, NO. 225

# Unified Regime in Berlin Called Key To 4-Power Rule

From AP and UPI Reports  
PARIS, Nov. 26.—The United States, Great Britain and France do not believe it is possible to establish four-power control of currency in Berlin until a unified Berlin government has been restored, it was announced tonight.

The recent repulse of the big four, a questionnaire by Juan A. Bramuglia, United Nations security council member, were made public. Bramuglia asked the four about the Berlin currency problem, the nub of the east-west dispute over Berlin.

The reply of the western big three, issued through the U.N. along with the Russian reply, pointed out that the Berlin administration of Berlin under four-power supervision was "being rapidly diminished."

This was a reference to recent Soviet action extending the working of the four-power administrative organs in Berlin.

The western powers stated unequivocally that they cannot under any circumstances agree that Soviet authorities of the German bank of currency in the Soviet zone should exercise sole and unrestricted control over the currency and finances of Berlin.

Other developments in the U. N. today:

The general assembly defeated a Polish motion to forbid economic pressure by one nation against another as a means of influencing conduct in international relations.

Poland's Dr. Oscar Lange led the debate for the Soviet bloc. He bitterly attacked the European recovery program, which he said was a cold war against the eastern European countries.

The resolution was 33 to 6 with Russia and the eastern bloc nations supporting it. Several nations abstained and several more were not present.

The United States, in the political section, proposed a resolution which might take the southern Negroes of Palestine to Israel. The United States wants the Nov. 29, 1947, partition as a basis of settlement.

A committee to study the possibility of a single Palestine nation of Arabs and Jews was set up. The committee is already brushed aside a similar proposal last year in favor of partition.

The committee is to study the working group to study various Palestine countries, Russia, Poland, Czechoslovakia, United States, Argentina, Colombia, Syria and Australia are the members.

# Bill of Rights For Globe Is Nearing Okay

PARIS, Nov. 26 (AP)—A world bill of rights proclaiming freedom and equality for everyone, approached its final form today.

The 58 United Nations completed the last of 28 draft articles of a declaration of human rights.

Only the preamble and a possible new article or two remain to be acted on by the committee.

The declaration has been in preparation more than two years. It provides an unprecedented meeting place for the thoughts and ideas of dozens of different peoples, religions and governments.

It combines principles of the constitutions of Soviet Russia, the United States, England and France. Civilizations and cultures of the east and the west find expression in the bill of rights.

It is hailed by U. N. officials as "one of the great landmarks of civilization," though it will have only moral authority, at least at first.

It proclaims a "common standard of achievement for all peoples of all nations" and calls on "every organ of government to recognize and observe the rights."

A human rights convention, legally binding all signed nations, is to be drawn up before next year's U. N. assembly. Under its provisions, all countries must accept the rights.

The committee is to study the working group to study various Palestine countries, Russia, Poland, Czechoslovakia, United States, Argentina, Colombia, Syria and Australia are the members.

# Girl Dies in Auto-Train Crash

Norma Jean Price, 15, Butte, was killed early Thursday morning when her family's car, pictured above, was struck by a Union Pacific freight train at the first crossing west of Jerome.

Her parents, Mr. and Mrs. Frank Price, and her brothers, Don and Jerry, narrowly missed death. Mr. and Mrs. Price are still hospitalized at St. Valentine's hospital, Wendell. (Staff engraving)

Wiley reported Friday morning that the girl lost her life when her family's car was struck by a Union Pacific freight train at the first crossing west of Jerome on state highway 23.

Wiley said the crossing does not have a signal light.

Second in 2 Months  
He pointed out the death was the second at the crossing in two months. The last one, Wendell, took place in a similar crash in September.

Wiley said the inquiry is pending the location of witnesses to the accident.

The girl was in the crash with her parents, Mr. and Mrs. Frank Price, and her brothers, Don and Jerry. Price and Jerry are still hospitalized at St. Valentine's hospital, Wendell.

The girl was born June 21, 1933, at Chubb, and was a sophomore at Butte high school. She moved to Butte from Twin Falls with her parents two years ago Thursday.

Her father is a painter and her mother is a homemaker. She is survived by her grandmother, Mrs. Doris D. Chubb, and her grandfather, Mr. P. Chubb.

The body is at the Wiley funeral home pending service.

No Inquest  
In Shoshone, Mrs. Myrtle Burley, Lincoln county coroner, reported an inquest would be held into the traffic deaths Thursday of Mr. and Mrs. Wiley. She said the girls were killed at 1 a.m. five miles south of Shoshone at U. S. highway 23.

Mr. Straughn was the son of Mr. and Mrs. Clyde Straughn, Chubb, Idaho. He is survived by his parents, a one brother, Kenneth Straughn, Twin Falls; two sisters, Mrs. Kathleen Young, Twin Falls, and Mrs. Eleanor Kloppenborg, Ellettsville, Ind.

He was associated in business with his brother and brother-in-law, Veri Underer at Krevier, Idaho.

Born in Kimberly  
Mr. Straughn was 23 years old and was born in Kimberly Jan. 11, 1928. He was graduated from Kimberly high school and served a year and a half in Japan with the army counter intelligence corps. He received his discharge about a year ago.

Mr. and Mrs. Straughn were married May 29, 1948, at Elko, Nev. They resided at the Hinko apartments, 151 second avenue east, Twin Falls, Idaho.

Mr. Straughn is the daughter of Mr. and Mrs. W. L. A. Straughn, Twin Falls. She was a graduate of Twin Falls high school, a member of the Junior Red Cross and the Glee club.

She is survived by her parents. Joint funeral services will be held at 2 p. m. Saturday at the White mortuary chapel. Interment will be made in Sunset Memorial park.

Responsible diplomatic officials said the Brussels pact countries gave to draft to their own governments for approval a few days ago. The countries are Britain, France, Belgium, The Netherlands and Luxembourg.

The proposed alliance is expected to include a 50-year plan for mutual aid, but not a definite commitment to go to war, should an agreement break one of the alliance members.

The treaty is expected to go far in setting up joint defensive planning and perhaps standardization of arms and training.

It is not known how far the document will go in allowing other nations to join. The Scandinavian countries, Finland, Iceland, and perhaps Portugal and Spain are possibilities.

ENVOY RESIGNS

**WE MUST BE STRONG**

A new and softer Russian attitude toward the west is being predicted by students of Soviet foreign policy. A dispatch from Paris quotes these observers' opinion that there will be gestures to ease the tension in Europe. The Kremlin may give its attention to the growing turmoil in Asia.

The first sign of the new attitude, says the dispatch, was the Russian press' exploitation of a rumor that President Truman might meet with Premier Stalin. This is the rumor that the Secretary of State Marshall labeled as propaganda designed to weaken the United States' position.

If more such maneuvers are coming up, what will our government do? Will it meet conciliation with added firmness? Will it give as much attention to money to the east as it has to Europe, if Russia's aid to Asiatic communists is increased and extended? Will it dismiss all peace feelers as propaganda, or will it investigate them for any sincere desire of the Kremlin to back down?

These questions are delicate as well as important. Their answers will need all the inside information on Russian policy that can be assembled, plus a good deal of inevitable guessing and gambling.

Our policy hither on the side of softness. Its forgettable mistake was assuming that the Russian leaders would be as reasonably honest, trustworthy and agreeable as they were when their nation's existence was in danger.

Then the American attitude changed to one of strength. And it has grown stronger. We have backed attitude with action, launched the Marshall plan, thwarted the Berlin blockade, and very nearly stopped the advance of Russian aggression in Europe since the fall of Czechoslovakia.

The purpose of this firm policy is to build and maintain a free world strong enough to discourage the bloody, grandiose project of world revolution.

The United States does not want or intend to start a fight with the bullying Russian government. But it must convince the government that the American people are strong enough to back it.

Someday the Kremlin will have to admit the facts that our policy of firmness is making clear. It will have to admit that further aggression and interference can only end in war, and that war can only end in the defeat of Russia and the destruction of its communist government.

That admission will undoubtedly be accompanied by a lot of pious or pugnacious far-seeing. The Kremlin's willingness to back down will be hard to recognize. Only when our government is sure that it has the upper hand can it commence negotiations to replace the present hostility of the cold war with some less explosive form of international relations.

But before any such negotiations are begun we must be convinced that we have no vulnerable spots, no potential Pearl Harbors. For the sober fact is that, so long as communism rules Russia, we may never assume that hope and plan of world communism have any possibility of being never thwarted by the present Russian leadership as we would a normally responsible government. That is not a pleasant prospect. But unpleasant realism is far better than disastrous delusions.

**TOWARD UNITY IN UNIFICATION**

Defense Secretary Forrestal has ordered the three armed services to thrash out their differences on legislation in his office instead of running to congress with them. That's a great idea if he can make it work, and should do a lot to bring more real unity into the unification program.

But nothing in the Forrestal order prevents a congressional committee from subpoenaing an officer of any of the three branches to testify in favor of a pet theory which he shares with a committee member.

We hope, then, that congress will go along with the excellent spirit of the secretary's decision and help to advance the idea that better national defense, not the promotion of one service, is the goal and purpose of unification.

**RUGGED INDIVIDUALIST**

We detected a new self-confidence in President Truman from the news of his Key West vacation. For Mr. Truman didn't fish. All Presidents are supposed to fish while in office. Just as they are supposed to join Indian tribes while campaigning for office. It is the form of recreation that the public expects and demands of its chief executive—whether he likes it, as Herbert Hoover did, or loathes it with Cal Coolidge's loathing.

But Mr. Truman evidently didn't care for fishing or for public opinion. So he just swam and nipped and sunbathed on a board, and left the angling to Mrs. Truman and Margaret.

There, we think, is a man who is sure that the people are behind him.

Young couples seem to get along best when near relatives are far away.

**TUCKER'S NATIONAL WHIRLIG POT SHOTS**

**WASHINGTON**—A compromise legislative program headed by the House and Senate has been agreed upon for the purpose of amending the constitution to give the president the power to remove and appoint judges.

While the bill is not yet ready for introduction, it is the hope of the House and Senate that it will be passed by the end of the year.

**ACCEPTANCE**—Although the House and Senate have agreed upon a compromise bill, it is still a long way from being passed.

**ISSUES**—There are many issues involved in the proposed amendment, and it is not yet clear whether it will be passed.

**LABOR**—The labor union movement is opposed to the proposed amendment, and is working to prevent its passage.

**OUT-RIGHT**—The labor union movement is opposed to the proposed amendment, and is working to prevent its passage.

**WATCH**—The labor union movement is opposed to the proposed amendment, and is working to prevent its passage.

**VIEW**—The labor union movement is opposed to the proposed amendment, and is working to prevent its passage.

**HOW THINGS APPEAR FROM PEGLER'S ANGLE**

In view of the abuse of American troops by ignorant and bigoted society for a small misdeed of a tight election, I feel it is my duty to write a column to honor and praise a man who has shown wisdom and foresight in a leading position.

**LOSING HIS BUTTONS**

A kid from the city was making his first visit to the farm. He'd been out in the barnyard and came dashing back into the house with his eyes about as big as saucers and blushing like a worn-out basketball player.

**WHAT HAPPENED TO IT?**

Dear Gent:

I wonder what happened to the old Thanksgiving story? Once, long ago, perhaps it wasn't so long ago, the old story was told to the people as the Christmas holiday.

**PUTS FOR KIDS' DEPT.**

Three puppets, part act, are available. They're black, white, and red. The phone number is 1299-11 or you can go out Filer avenue one mile north of the hospital, then one-fourth of a mile west.

**KEE PEGLER, HE SAYS**

Put Shot Editor:

In reply to A. Vance Beckwith regarding Pegler, I say I keep his column in my paper. I like to hear the truth once in a while.

**SLOT MACHINES**

Put Shot:

It is being brought to the attention of Twin Falls residents via radio and press that there is a dire need for relief for quite a large number of families.

**FAMOUS LAST LINE**

"...Dys's spouse somebody DID tamper with the ballets!"

# Boudreau Voted League's Most Valuable Player

NEW YORK, Nov. 26 (AP)—Lou Boudreau, player-manager of the world champion Cleveland Indians, has been named the most valuable player in the American league for 1948.

It was strictly "no contest" although the voting closed before the world series. In fact, the 24-man committee of the Baseball Writers association, didn't even know Cleveland had won the pennant when it gave Boudreau a 22-2 margin in first place votes over Joe Dimaggio of the New York Yankees.

Boudreau, winner in 1939, 1941 and 1947, was second with 210 on the basis of his fine performance that kept the Yanks in the race until the end. Ted Williams, of Boston, who lost to Dimaggio by one point last year, was third with 171. Not a single first place vote was cast for Teddy who won the batting championship.

Stephens is fourth. Vern Stephens, whose home run last helped Boston force the first tie game in league history, was fourth with 121 and Bob Lemon, Cleveland's 20-game winner, was fifth with 109.

Boudreau had a remarkable year that made the actual voting a foregone conclusion. Playing 152 games at shortstop, he hit .353 second only to Williams' unaffiliated .369.

Only pitcher Tommy Henrich of New York, former Yankee teammate, tied for sixth with Gene Beatty, of the Indians' world series hero, eighth. Detroit's Hal Newhouse, winner in 1941 and 1945, was ninth and Eddie Joost, the sparkling of the amazing Philadelphia A's was tenth.

The results by vote in point list: 1. Lou Boudreau, Cleveland (22), 224; 2. Joe Dimaggio, New York (21), 192; 3. Ted Williams, Boston (20), 171; 4. Vern Stephens, Boston (19), 121; 5. Bob Lemon, Cleveland (18), 109; 6. Tommie Henrich, New York (17), 109; 7. Gene Beatty, Cleveland (16), 109; 8. Hal Newhouse, Detroit (15), 109; 9. Eddie Joost, Philadelphia (14), 109.

# Utes Claim Skyline Six Title by Win

SALT LAKE CITY, Nov. 26 (AP)—Superior line Utes and Canyon Parkins' deadly mixture of power carried Utah to a 41-0 triumph over Utah State's Aggies and to the Skyline Six conference football championship Thursday.

The brilliant victory gave Utes a record of five wins without defeat in their defense of the conference title. Outbackers won their third straight game, lost to University of Southern California and tied with Utah State.

A crowd of 22,130 saw the Redskins crush the Aggies in the 46th game of the season. Coach Le Armstrong's men fashioned six touchdowns during the chilly afternoon under a snow-battered but fairly firm field.

The Utes scored one in the first quarter, twice in the second, again in the third and added a pair of touchdowns in the final period. Utah finished with a Utah-Utah State tie score in the third.

With the Utah line charging sharply, the Utes made it look like a runaway. The first of three opening touchdowns stemmed from a fumble in the backfield. Quarterback back Parkinson to run when he found his receivers covered. He hit 45 yards for the score.

Guard Sam Olinick scored the extra point, as he did after four of the other five touchdowns.

# Utah Shuns Delta Bowl Game Offer

SALT LAKE CITY, Nov. 26 (AP)—The University of Utah football team voted Thursday night not to accept an invitation to play in the Delta bowl game at Memphis, Tenn., should it be offered.

Dr. A. Ray Olson, president of the University, said players voted immediately after Thursday's victory over Utah State Agricultural college, which the Redskins won 41-7, giving them their record straight Big Six conference title.

Delta bowl publisher Early Marx of Memphis indicated the game and offer a bid to the Utes had been made in the past.

William and Mary Coach Thomas Power rejected the game today because of a Utah-William and Mary bowl lineup.

# Coyotes Capture Pear Bowl Game

MEDFORD, Ore., Nov. 26 (AP)—College of Idaho captured the third annual Pear bowl game here Thursday, defeating Southern Oregon college 27-0.

Both teams relied heavily on pass plays and all but one of the touchdowns came from the air.

College of Idaho, a Northwest conference member, held a half-time lead of 21-0. Southern Oregon is in the far west conference.

# Generals for Grid Battle

REAVES BAYSINGER ARNOLD GALIFFA

T formation quarterbacks for Navy and Army respectively, whose judgment may affect the outcome of the annual Army-Navy grid classic Saturday. Baysinger will be commanding the Midlanders in his last grid game, while Galiffa has another year with the Cadets.

# T Formation Backs Key to Army-Navy Clash Saturday

NEW YORK, Nov. 26 (AP)—If there is such a thing as an indispensable man, he is the quarterback on a T formation football team.

The T formation offense, a formation cannot move without a top man under the center. So when the Army-Navy Saturday in the 49th clash of these two traditional rivals, the outcome largely will depend on the performance of the T formation quarterbacks.

Arnold Galiffa, Army's quarterback, and Reaves Baysinger, who handles that chore for Navy.

Galiffa has come a long way for the Cadets since he took over the quarterback slot in 1947 from the mediocre Arnold Tucker. His passing has sharpened and his kicking has improved and his selection of plays is far ahead of the game.

In addition, the swarthy Donora, native has become a real leader of the West Point Indians. In the Penn game, with Army's undefeated record in great peril, he rallied the Cadets in the last three minutes and drove them 73 yards for the score that gave Army a 22-0 win.

One bad play, one wrong maneuver and the clock would have doomed Army, which trailed 20-10. A great Penn line had stopped his runners cold, so Galiffa took to the air. He had Frank Patch, sophomore back, throw his only pass of the game and it was good for 19 yards. Galiffa scored 20-10.

Dave Parrish, and with 20 seconds left, he passed to John Trent in the end zone for 15 yards and the game.

Galiffa almost had to be an athlete, coming from Donora. That small, stocky, city 20 miles south of Pittsburgh is also the home of Sino Mual, the magnificent St. Louis Cardinals' left hand, under a midweight boxer, and a number of other sports heroes.

Galiffa is 20 years old, stands six, two, weighs 185 and will be around to handle Army's quarterback for another season.

The Midlanders will counter Galiffa with a talented operative of their own in Baysinger, who is the son of the Syracuse football coach.

It was Baysinger's fine play in the 1948 Army-Navy game that nearly dumped the Blahard-Davis-Tucker Cadets. The Midlanders dropped that magnificent match, 21-18, after shoving Army all over the field in the second half and falling by only three yards and a few seconds to win, when the clock ran out.

# Boise's Broncos Boise's Broncos

YAKIMA, Wash., Nov. 26 (AP)—The Boise junior college Broncos scored nearly as they pleased to defeat Yakima Junior college 52-0 in their intercollegiate football clash Thursday.

The visiting Broncos displayed a terrific ground attack to pile up 500 yards from rushing and add another 53 yards via the passing method.

# Cornell Wins Ivy League Crown To Highlight Turkey Day Games

NEW YORK, Nov. 26 (AP)—Cornell won its first Ivy league title in nine years and the last challenger to Southern Methodist bowed out to the Southwest conference race in the highlights of a skimpy Thanksgiving day college football menu.

The Big Red from Ithaca, N. Y., smashed down Pennsylvania, 23 to 14, before 78,000 fans at Franklin field, Philadelphia.

Bob Dean, who had led Cornell to a surprising victory over Dartmouth, scored one touchdown, set up another, kicked a 20-yard field goal, and two extra points in his final college game.

Texas A. and M. lost of nine straight games, rose up in the final quarter to the Texas, 14-14, at Austin. The deadlock cost Texas a possible chance to share the Southwest title with SMU. A 75-yard pass play from Earl Broy to Charlie Wright gave the Aggies their tying tally late in the game.

Missouri beats Kansas, 21 to 7, in the oldest gridiron rivalry west of the Mississippi and second place in the Big Seven conference. The Kansas, triumphed 60-7 by Oklahoma in their first game since the 1947-48 season.

Wake Forest's Dixie bowl-bound Deacons whipped South Carolina, 36 to 6, in one of the four Southern conference games of the day. Virginia Tech ended its season without winning a game as it bowed, 33 to 7, to VMI before 30,000 at Roanoke, Virginia's largest football crowd in history. The University of Richmond edged Washington and Lee, 14 to 12, and Davidson defeated Furman, 10 to 6, at Charlotte, N. C.

Brown triumphs. In the east, Brown scored in every period to whip Colgate, 35 to 7, and Ed Finn threw three touchdowns passes. St. Bonaventure fought off a stubborn, underdog San Francisco eleven, 20 to 14.

In the midwest, Case won its first game from Western Reserve in 21 years, 15 to 7, and Kansas State ended another miserable season by losing to St. Louis, 21 to 7.

Utes Dump Aggies. Utes won the Skyline Six championship with a 41-0 win from Utah State. Denver defeated Wyoming 13-0 in another Skyline Six game. Once-beaten Nevada ran over set.

**NEW YORK, Nov. 26 (AP)—**Grain—Wheat futures were steady today. The December contract closed at 1.15 1/2, up 1/4 cent from 1.15. The volume of trading was moderate.

## Shoe Industry Is Moving to Dixie Regions

**BOSTON, Nov. 26 (AP)—**Southern competition, long the bugaboo of New England's shoe industry, is now being met head-on by the industry's largest manufacturer, producing a third of the shoes worn in the United States. But some in the industry fear the shoe's future might be less than the Mason-Dixon line.

One of them is a Maine manufacturer, Henry G. Lombard, who testified in the United States House of Representatives that he had moved his factory and found shoes being manufactured "much more cheaply than anywhere in New England."

Testimony Confirmed  
His testimony was confirmed by a Boston attorney, Benjamin A. Gordon, counsel for a Maine manufacturer in the industry. Gordon said the wages of Maine shoemakers are "substantially" higher than those paid to employees of competing southern firms.

New England manufacturers have been slow to such low-overhead competition. Their defense has been to specialize in "quality at a price." But now, according to Gordon, the competition is preventing their industry from employing that method now.

Price, they say, is the problem. Most spokesmen for the industry admit they are plagued by "apathy" on the part of consumers. Many, however, don't agree with the pessimists who say it's because the nation's shoe factories each can produce 1,000-2,000 more pairs than Americans can wear out.

But more a question of inflation, they say, with shoe manufacturers priced out of their market by rising costs. Retail prices now run 25 to 50 per cent above pre-war levels, and that is causing bigger resistance, they say.

## Chiang Invitation Plan Is Rejected

**WASHINGTON, Nov. 26 (AP)—**President Truman today rejected a suggestion that Chiang Kai-shek be invited to this country to meet the Chinese government's plight in person.

This suggestion was advanced by Sen. Earl B. Bore, D-N.Y., who is slated to be chairman of the House foreign affairs committee when the new congress organizes in January. Bloom told reporters at the White House that Mr. Truman "didn't see how Chiang could leave China at this time."

After talking it over with Mr. Truman, Bloom said, he agreed. But he added "what we need is real information about the Chinese situation."

Lincoln, Neb., Nov. 26 (AP)—Some city newspapers and magazines are trying to "make farmers a food price scapegoat," according to Bryan V. Holmes, Nebraska farmer and master of the Nebraska State Grange. Holmes contends food prices are not as high, relatively speaking, as non-farm income.

The latter is four times its pre-war level, he said, while farm prices are less than three times as large as formerly. Food which cost the average consumer 25 per cent more in 1939 now costs only 20 per cent of his current income, Holmes said.

The per cent increase in hourly wage rates of factory workers has been greater than the gain in cattle prices," he said.

**'Old Grad' at 86 Still Holds Youth**  
ALFRED N. Y. (AP)—Former State Tax Commissioner John J. Merrill, 86, is attending Alfred University football games again for the first time in five years.

Mr. Merrill, referred to as "the grand old man of Alfred athletics," was never too far from the Alfred gridiron. During his 12-year tenure as tax commissioner, he watched the squad from his bedroom window through a pair of binoculars.

A member of Alfred's class of 1884, Merrill served as state tax commissioner until his retirement in 1930. He was elected to the Alfred board of trustees 10 years before the football field, later to be called Merrill field, was constructed.

Despite his age, Merrill is still full of ideas for improvement of Alfred's athletic facilities.

He'd like to see the Kanawha creek straightened below the football field and an ice rink put in, he said.

**'Stagger' System Solves Crowing**  
PAXTON, Pa. (AP)—Lower Paxton township school solved its crowding problem with the school-hour shift. The school board, by changing the school hours, solved the problem of crowding all students of the school's one to 12 grades into simultaneous sessions.

Under the system, high school students go to classes from 8:30 a.m. to 12 a.m., and elementary grades come in at 1 a.m. until 5 p.m. The shift, approved by the board, provides instead of the previous four and one-half hours.

**Bedding Needed**  
An appeal for good used bedding was made Friday by Helen Bailey, executive secretary of the Red Cross chapter here. She said she had received call after call this week by persons needing blankets. The blankets will be used for the winter weather remains cold.

Those who can help are urged to bring the bedding to the Red Cross office in the municipal library building or to telephone Mrs. Bailey at 101 to make arrangements for someone to pick it up.

several common down to \$10.00; market down Wednesday for Thanksgiving.

## About 8.8 per cent of the corn grown in this country is used in the corn wet milling industry.

Whole blood for transfusions can be preserved for three weeks or more.

## LIVESTOCK FEED

### MR. LIVESTOCK FEEDER

If You Are Feeding Cattle or Sheep, We Have

Grease guns

Some wheat

Forks, shovels and other articles too numerous to mention

**TERMS—CASH**

**ALLEN SCHIFFLER, owner**

HOLLENBECK & HOLLENBECK, Auctioneers

R. CUNNINGTON, Clerk

**CAUTION SALE**

I will sell the following described property at my place located 2 1/2 miles West of West Five Points on Highway 30, on—

**Monday, November 29**

Starting Time: 12:00 Lunch on Grounds by Women's Mentor Club

**LIVESTOCK**

Guernsey cow, now milking

Heifer calf

**MISCELLANEOUS**

160 rods good used 39-inch woven wire

Several rolls barbed wire

16 foot panels

4-foot individual panels

Sheep troughs

Set harness and several collars

4 slips and slings

Cement mixer

Trip hammer and blacksmith tools

200 to 300 field and bean sacks

Other miscellaneous articles too numerous to mention

**TERMS: CASH**

**ED TOLBERT**

OSCAR & HAROLD KLAAS, Auctioneers

**OWNER**

BILL WISEMAN, Clerk

## Wrist Camera

Is Invention of Reich Person

**MUNICH, Nov. 26 (AP)—**A 42-year-old German scientist said that he has perfected a wrist-band camera that will take 400 pictures on a roll of ordinary 35 mm. minifilm film.

Dr. Rudolf Steinbeck, the inventor, has spent the last two years working on the first model, tucked away in a spacious room on the shores of Lake Starnberg near Munich.

The hand resting in the palm of the Bavarian Tyrol once belonged to a Bavarian nobleman.

Prediction "Good"

He said he completed the first working model this summer and sent it to his production soon. He said his little camera is an answer to his wife's complaint that current cameras are too complicated for a layman. Steinbeck made simplicity the keynote of his invention.

The tiny camera, weighing 1 1/2 ounces, looks like a wrist watch and is about twice as thick. Steinbeck says it is foolproof and so simple that it will take pictures at "a moment's notice" without being removed from the wrist.

Can Be Enlarged

The film is about four millimeters in diameter at the point of exposure, and may be enlarged to slightly more than two-by-three inches. Special films can be used to provide great enlargement capacity.

The lens is a 2.5 special lens, which will shoot in focus from one meter up without adjustment.

The camera also can be used for color photography, Steinbeck said. The price of the new camera will be set after production has begun and costs determined.

Corn contains about 70 per cent starch, and is used widely in the starch industry.

# District Court At Rupert Will Open Tuesday

RUPERT, Nov. 26.—District court will open at 10 a. m. Tuesday at District Judge James W. Porter. Twin Falls, presiding. Eight civil cases and one criminal case are docketed for the session.

The criminal case is the state versus Phil Hyatt. A complaint filed by Prosecuting Attorney H. Duffin, charges Hyatt with driving while under the influence of intoxicants. The trial is set for Dec. 8.

Civil cases include Morgan vs. Montanari, Robert W. Ames and Minidoka Irrigation District, Hoffer vs. Barr and Bell, and Witt vs. Witt. All scheduled on Dec. 30; Deck vs. Jones, and Foster vs. Hubner on Dec. 6; Wedel vs. Moly, and Williams vs. Bollette Dec. 6.

A panel of jurors has been selected. They are Edward Kroyel, Edgar Armstrong, Joe M. Allen, Arthur Tyler, C. C. Lowry, Clifford A. May, Hattie Hurl, Wayne Turner, James R. Clifton, Douglas A. Gies, L. L. Culbertson, H. A. Rasmussen, Fred Schaefer, Charles C. Walker, Walter J. Smith, J. R. Harrison, James Harris, William Henschel, Delbert Parker, J. C. Hammond, Paul J. Smith, Lawrence Carter, R. L. May, David Green, Ray L. Harbar, David R. Bush, Merle Boyd, Arthur Morgan, Real Nielsen, Claude Don, Lem Hurl, Howard Tatum, George Tatem, C. Wheeler, Tom Bell and Bertha Semmon.

# 500 Expected for Bureau Conclave

PROCATTELLO, Nov. 26 (AP)—Approximately 500 delegates are expected for the ninth annual state convention of the Idaho Police Bureau federation. Delegates begin here Sunday and continue through Monday.

Scheduled speakers include Gov. C. A. Rohrer, Oregon; Fred C. Wagoner, Idaho; and J. R. Harrison, Idaho. Other speakers include H. E. Blumberg, president of the Missouri Police Bureau federation; David R. Reynolds, Chicago, western regional organization director; and Mrs. Russell Chapman, Fort Collins, Ind., director of the social and education department of the Indiana federation.

The convention will be closed at Tuesday morning recesses.

# Church Youth Unit Convenes in Boise

BOISE, Nov. 26 (AP)—Some 200 Idaho youth from all over the state began gathering here today for a week-end convention of the Idaho Youth Fellowship study group.

The convention was being held in the Idaho Capitol building with the Rev. Maurice K. Anderson, head of the education department of the Idaho theological seminary, Berkeley, Calif., the principal speaker.

# Church Service Set Murtatigh, Nov. 20—Children attending Murtatigh Community church are urged to attend Sunday school at 10 a. m. Sunday to prepare for the Christmas program, according to Harold Murtatigh, superintendent.

The Rev. Mr. Werts, district superintendent, will speak at the worship program at 11 a. m. Nov. 28 members will meet with Mrs. Hoyer Thursday.

For Positive Traction On and Off the Road

**B. F. Goodrich**

**Mud-Snow Tires 1755**

- Heavy duty non-directional tread for extra traction
- Wide-open tread design will not clog

Be set for tough winter driving. These Silvertowns pull equally well in sticky mud, as well as deep snow. Off the highway, the traction trends go to work and pull you through—in any kind of weather.

**FORGET FLATS**  
Seal Punctures As You Ride  
New B. F. Goodrich Seal-a-matic Tube

- Saves money 3 ways.
- Increases tire life
- Outlasts several sets of tires.

Not an emergency tube that lets you stop... but a self-healing safety tube that keeps you going... seals punctures as you ride. Gives puncture protection and extra blowout protection even with old tires.
